PROFESSIONAL SUMMARY

Psychology graduate with recent training in UX/UI design, web development, and data science, interested in UX research and human-centred digital design.

EDUCATION

Bachelor of Arts, Psychology — York University

2024

TRAINING & CERTIFICATIONS

Women in Tech Bootcamp — IDRF / Nomans Land Creative — 15 weeks

2026

- **UX/UI Design:** Created desktop and mobile wireframes and a clickable Figma prototype for a restaurant website redesign. Used Miro to map user flows and applied usability, responsive design, visual hierarchy, and an understanding of user behaviour throughout the design process.
- **Web Development:** Built a responsive personal portfolio website using HTML, CSS, and JavaScript, and gained experience with GitHub, npm, and Vite.
- **Data Science:** Used SQL, Python, MySQL, Power BI, and FastAPI for data analysis and database projects.

Intro to Web Development & Intro to Data Science — 85 hrs

2025

- Built a personal website/portfolio with HTML, CSS, and JavaScript; completed two data analysis mini-projects using SQL and Python on real-world datasets.

EXPERIENCE

Administrative Assistant — Learning Happens Daycare

2024

- Scheduled and managed appointments for families and staff using Microsoft Outlook.
- Provided customer support by answering phone and email inquiries.
- Organized confidential records using spreadsheets.

Playroom Associate — Movati Athletics

2023

- Created and updated member profiles in the company database and Microsoft Excel.
- Provided customer service at the front desk, over the phone, and via email.
- Supervised and ensured the safety of children in the playroom.

VOLUNTEER EXPERIENCE

The Peoples Market Volunteer — Sakeenah Canada

2022

- Managed inventory and restocked items to ensure smooth food distribution.
- Assisted clients by answering questions and providing helpful guidance.
- Collaborated with team members to plan and organize community events.

Student Engagement Support Volunteer — York University

2022

- Organized digital records and supported student club event coordination.
- Answered student questions and guided them to campus resources.
- Helped draft and proofread newsletters, posters, and event announcements using Canva and Microsoft Word.
